WEEKS DYE WORKS
Hand Over Dyed Thread

2237	hazelnut for backstitching (3 skeins)

Printed in U.S.A.

* Use 1 strand of floss and work ½ cross stitches.

Stitch Count 446w x 530h
Approximate Design Size (Entire Design)
(stitch count does not include 2 squares (4 threads) for 4-sided stitch)

Aida 11 ..... 40 ½" x 48 ¼"
(103.0 cm x 122.4 cm)

Aida 14 ..... 31 ¾" x 37 ¾"
(80.9 cm x 96.2 cm)

Aida 18 ..... 24 ¾" x 29 ½"
(62.9 cm x 74.8 cm)

NOTE: Our model was stitched on 20 ct. light ash grey Lugana over 2 threads with 4 strands of floss for cross stitch and 2 for backstitch, unless otherwise noted.

The complete design size is approximately 44 1/2"w x 53 1/2"h on 20ct Lugana worked over 2 threads using 4 strands of floss for cross stitch and 2 for backstitch. We are dividing the design into 30 squares of 90w x 89h Stitches. The two rows of open squares included in this count (going around the complete design) can be used for a Four-Sided Stitch, if desired. It is important to center the design carefully on the 1.75 yard afghan cut, since you will only have about 5" of fabric around the design to use for fringing. You may wish to overcast the edges of the afghan to prevent fraying; however, we do not recommend serging because a serged edge is difficult to remove and will cause you to lose some of the edge you will need for fringing. In keeping with our previous afghan patterns, the shaded areas on each "Block" are included to help in lining up the designs with one another but are NOT to be duplicated.

SECOND PRINTING
This book has been designed and printed with our best intentions of being accurate and without mistakes. However, human or mechanical errors are possible. In addition, colors shown may vary slightly from actual hues due to printing limitations. We regret that we cannot be held responsible for human error, printing mistakes, or variations in individual workmanship.
